PUBLIC PLACES
PLAYFUL SPACES

Atmosphäre offers the world's best in public space design and playful furniture.

Portfolio

We offer distinctive products from local and international markets, renowned for their innovative design, quality and durability.

- Amphitheatre seating and telescopic seating systems
- Furniture for waiting and lounge areas
- Playgrounds and fitness areas
- Self-cleaning and ecological public toilets
- Street furniture

More lively places

Our furniture shapes public spaces to make them more attractive and lively. It helps create iconic, attractive places, inviting young and old alike to live and play there.

Our principles

We create holistic, thoughtful, user-centered projects that take into account recognized planning principles and standards. We value the enhancement of our shared living environment and the heritage we leave to future generations.

Our customers

The public and private sectors, in the fields of architecture and urban planning, leisure, culture, education, transport and health.

Our team

Our team has reinvented over 8,000 living spaces across Canada. Always in tune with the latest trends in states-of-the-art design, we offer our customers support from conception to completion, and after-sales service that matches the quality of our products.

Atmosphäre

Atmosphäre is a leader in the design of public spaces. We work exclusively with top of the line suppliers, and our products meet the most stringent manufacturing standards in the industry. Our design and technical expertise enables us to find solutions to the most complex challenges.

CULTURAL SPACES

Culture in style and comfort.

Distinctive furniture, comfortable seating and versatile stands. Our wide range of furnishing solutions for cultural environments offers audiences inviting spaces and unforgettable memories.

The cultural complex Joseph-Rouleau in Matane opted for playful, colorful outdoor furniture from CONCEPT URBAIN.

Charlesbourg high school benefits from the comfort and elegance of HUSSEY SEATING's Quattro seats.

MOON by Moonako is ideal for a media library and is available in a range of colors.

X-WHEELS SPACES

A space that adapts to users' abilities!

Modular and upgradeable, X-Wheels Spaces offer 5 distinct zones, including a Pumptrack Zone. Wheeled sports enthusiasts will enjoy a safe and fun place to practice, whatever their skill level.

The Modular Pumptrack offers a closed circuit with a succession of bumps and turns.

The modular X Skate Zone offers an incomparably smooth riding experience for all levels.

Parc des Coccinelles, Laval

The Discovery Bike Zone offers a fun, safe and structured environment for learning to ride a bike.

The X Fit Zone offers a comfortable and stimulating cardio workout for everyone, with intelligent stationary bikes from KOMPAN.

OUTDOOR SPACES

A harmonious urban space

Our outdoor furniture certainly meets the functional criteria of accessibility, safety and durability. But quality of design, originality and harmonious integration into the environment are our guiding principles.

With no water, electricity, sewage or chemicals, Nixiloo's ecological toilet is powered by the sun and wind.

The Arasbesque collection by Moonako is available in a variety of shapes and colors, allowing an infinite number of configurations for your space.

Discreet and modern, the Karma picnic table fits perfectly into any space.

The Paosa range by Concept Urbain offers a modern design with simple lines that will blend in perfectly with your interior or exterior decor.

CONNECTED SPACES

Innovation guides our actions.

Atmosphäre is always on the lookout for the latest trends in design. From self-cleaning toilets to connected benches, we offer a range of products combining comfort, technology and design.

Our self-cleaning toilets offer an unrivalled level of cleanliness and safety in public spaces.

The EmBARq counter with integrated charging system is now a must-have.

Toilitech's TBOX self-cleaning indoor toilet is designed to completely replace the traditional toilet stall.

SCHOOL AREAS

Learning in the open air

Outdoor classrooms to complement indoor teaching will allow you to create more space for students, create variations in your forms of teaching and, most importantly, give children the chance to enjoy the many benefits of learning while being outdoors.

The Master Industrie telescopic grandstand extends and retracts quickly, ensuring a seamless transition between the room's various uses.

We are masters in the design of 4-season multisports surfaces.

KOMPAN's Surfer Social is an attractive, dynamic meeting place with two attractive bubbles for relaxing.

PLAYFUL SPACES

Give yourself the gift of Signature projects.

Playful design has long been at the heart of our business philosophy. Our specialists work to create distinctive spaces that allow children to develop and flourish in a unique, eco-responsible, low-carbon environment.

All KOMPAN products are **IPEMA-certified for structural integrity**, and **comply with CSA Z614-20**. Robinia wood structures are also available with **FSC® certification (FSC® C012237)**. The reduced carbon emissions of **Greenline structures** are verified by Bureau Veritas.

KOMPAN offers classic playground equipment, all made from post-consumer recycled materials.

The Moments™ themed collection immerses children in engaging worlds inspired by the real world.

The sandblasted surface absorbs the impact of falls in play areas, creating playful, textured surfaces.

SPORTS AREAS

*For an active,
healthy life.*

The aim of our sports spaces is to give as many people as possible the opportunity to move, train and enjoy reliable facilities. Our spaces will propel the development of healthy lifestyle habits to record levels.

New Fitness Essentials line by KOMPAN:

This new equipment uses the same biomechanics and resistance mechanisms as indoor weight machines.

Gymnase du Pavillon des Sciences, Trois-Rivières

Design your sports complexes with the best customizable seating solutions and telescopic stands.

The MatchClay synthetic surface offers the same playing characteristics and ball bounce as a traditional clay tennis court.

KOMPAN pushes the boundaries of the outdoor gym with touch screens powered by your movements.

RELAXATION AREAS

*Pleasant
waiting and
relaxation
areas.*

Atmosphäre offers interior furniture solutions for spaces that combine design, functionality and user comfort. Your waiting and relaxation areas will have everything to please your public.

Fournier Multisport Center, Val d'Or

The Bouloum chair is ideal for libraries, meeting rooms or study and research centers.

Design your terrace with style and elegance without compromising comfort and durability with the Treccia range by Concept Urbain.

Avro by Arconas, a versatile system offering a unique, flexible solution for transforming any waiting area into a VIP lounge.

Setting trends in public spaces design.
